Things Recommended by City Engineer George.

IN HIS ANNUAL REPORT

Many Streets Paved But Still Some Need It Badly—The Sewer System and Its Effectiveness—How the Health of the City is Affected, and How it Might be Made Better.

City Engineer George handed his annual report to council Tuesday night, and it is an interesting document. The report deals with the most important affairs in the engineer's charge, and council evidently realized the amount of work to prepare it, as they voted unanimously to receive the "very able report," thus complimenting Mr. George. The report is as follows:

To the Honorable City Council: GENTLEMEN—I herewith submit for your information and consideration a report of that part of the city's welfare intrusted to my care during the year 1894.

I have given below in tabulated form the total expenditure on each public improvement, as well as that portion of the same which had to be paid out of the general fund.

Believing that it will be interesting, as well as useful, to your honorable body to know how we are advancing along the line of street improvements, I have also given in detail the total number of square yards of street pavements, together with the cost thereof, up till the present time. By referring to the table you will see that more than 92,000 square yards of roadway have been laid, which is equal to a roadway 30 feet wide and nearly 5 1/2 miles in length. The amount given as the cost of the improvements, with the exception of Third street, includes only the cost of paving and grading. As the curbing heretofore has been set by the individual property owner, I had no convenient opportunity of obtaining the cost, but with the cost of curbing and castings that have been used for street crossings, the amount here given will be increased by several thousand dollars, so that I believe that I am fully justified in saying that of the total amount expended in street improvements, at least 33 per cent has been paid by the city.

With more than 100,000 dollars invested in street pavements, should they not be guarded by your honorable body with the most scrutinizing care you can exercise over them. They have been well laid on good foundation, and yet, already in many places on every street we find their beauty marred and their utility lessened by either bumps or sunken places, where they have been torn up for different purposes and not properly put back. I believe the proper remedy for such a condition of affairs would be to have an expert paver who should, in every case, replace the pavement where it has been torn up for any purpose, and the cost charged to the parties for whom it has thus been torn up.

A well paved street certainly improves the sanitary condition of a city, inasmuch as it prevents the constantly accumulating filth from entering and polluting the soil by retaining it on the surface, where it is either washed away by storm water or removed by mechanical means.

From the way in which our street pavements are now being dealt with, it will only be a short time until they will fail to meet the above requirements.

Every precaution should be taken to prevent as much as possible the necessity for tearing up the pavements. Hence all gas and water pipes, and certainly all sewers, should be put in before any paving is attempted. Any other method is only to increase unnecessary expense, and in the end the work done is not satisfactory.

I believe that if the sidewalks were laid by the city and let out by contract, the same as other street improvements, that we would have much better ones than we now have and the cost to the property owner would be less than it now is—we could expect, at least, to have sidewalks in which the mud would not be constantly oozing up between the bricks to the great annoyance of pedestrians.

Sewers—There are now laid in our city almost 11 miles of public sanitary sewers, which, flushed by 43 flush tanks, are constantly carrying from our midst vast quantities of sewage which would otherwise remain to annoy us by causing sickness or distress us by causing death.

For the purpose of inspection and for the removing of obstructions from these sewers there are 50 manholes, which are not enough, however, and

we are still putting in more only as stern necessity compels.

Somewhat more than 450 houses have thus far been connected with the public sewers, to do which has required the laying of several miles of private house drains, which, with the necessary plumbing appliances, have cost more than \$50,000.

There has been expended in our city in the last six years for street pavements, for sewers and for house drainages an average of at least \$40,000 annually; these are not only conveniences, but are also sanitary in their effect, and as a consequence the community enjoys better health than in years gone by.

The following table shows the total distance and the cost of paving streets:

But still much more might and should be done along this line than what has yet been done; already more than six years have elapsed since the sewer system was completed and yet less than 500 houses have been connected therewith; as a community we need never hope to realize to their fullest extent the benefits resulting from the sewer system, as a sanitary measure, until every house is properly connected therewith, and until every privy vault and cesspool are vacated, cleaned out and refilled with pure dry earth. The precise relations that exist between filth and disease has never yet been ascertained; but while no one has yet shown us how much or how little power there is to do us harm, still no intelligent person would expect to enjoy the most robust health so long as he breathes only an impure air, and we can't hope to have a pure atmosphere as long as it is being constantly polluted by the exhalations arising from off an impure soil, and no soil can be pure which is kept constantly saturated with liquid sewage and house wastes.

Much more might be said along this line; but I leave these facts and suggestions for your consideration and reflection, and close this report by thanking your honorable body for courtesies shown to, kindnesses bestowed on, and confidence imposed in me during the year that is now closing.

Yours Respectfully,
JOHN A. GEORGE,
City Engineer.

The Cleveland World.

Robert P. Porter, founder of the New York Press, and superintendent of the eleventh census, has purchased the controlling interest of the Cleveland World and assumes active control of the paper, which he proposes making one of the brightest and spiciest journals in the land. It will be remembered that the World office burned down a short time since and its contents were destroyed. New presses and machinery have been purchased, and a handsome, commodious office will be erected on the old site. The paper will be aggressively Republican, and will no doubt accomplish much good for the party and country. Success attend Porter in his management.

Union No. 318.

At the regular meeting of Typographical Union No. 318, held last night, Mr. Criss McConnell resigned his position of secretary and treasurer, and his seat in trades council. The latter was not accepted, as Mr. McConnell holds an office in trades council. Fred Irwin was elected treasurer. John Powell was elected vice president in place of Lew Orr, resigned and accepted the position of financial secretary. Important business was transacted.

SUPPLEE HAS RESIGNED

And Fifteen Men Want His Job on the Force.

WYMAN ALSO BIDS GOODBYE

To His Position as Officer, but Badgeley Is Hustling For Reinstatement—Mayor Gilbert and the Office Seeker—Two Men Want to Be Fire Chief.

Yesterday evening at 7 o'clock Officer W. C. Supplee's time was up and he turned in his police tools and bade goodbye to the office he has held for seven years. During the afternoon Officer John W. Wyman had done likewise and the mayor was left with only three coppers on his hands. Officers Earle, Meador and Jennings, with Patrolman McMillen.

Officer Supplee stated briefly last night his cause for taking no stand on the deputy marshalship. One reason was that no provisions have ever been made for paying a deputy marshal, although, somehow he has received his money, and the principal one was that he would not fill a place that council wanted for some other man. He believes there are many positions as good, if not better, than a policeman's, that are easier to get, and he will not ask anybody to work in his behalf for reinstatement. It is understood that he has already been offered a situation which would bring him more cash than the one he has held so long.

Officer Supplee had the assurance of a host of citizens as he made his rounds yesterday that his resignation was received with deep regret, and was urged to make another trial for the vacant place. His unparalleled record on the force has won for him many friends among the good citizens and the enmity of the thesaurists whom he and Officer Wyman have prosecuted relentlessly. It is due to their untiring efforts that the liquor law has been enforced, and it falls upon the new force to aid Mayor Gilbert in carrying out his determination to break up the practice of Sunday selling.

Mayor Gilbert is now besieged by the office seeker. As soon as the public at large learned that there was a vacancy on the force they rushed to city hall, and so far Mayor Gilbert has had 15 or 20 men apply for the job. One man yesterday approached city hall, but the mayor saw him first. As he stuck his head through the doorway the mayor shouted "I'll consider it," and without a word the man smiled, turned and went away. He wanted the job. Officer Badgeley is hustling for his old place, and if he can get the promises of enough councilmen, his name will go in first on the list at the next meeting. Meanwhile the force will consist of three men and a patrolman. Officers Earle, Meador and Jennings were on last night and will divide the work up as best as they can hereafter. Heretofore there have been two men on at night and two during the day, but the police committee has advised Mayor Gilbert to change it, and the new rule will be two men on at night for two weeks and the other two men for the next two weeks, and so on. The changes around city hall will not be so great as were anticipated, and as to the changes in the fire department, they still remain a mystery. The mayor has another name for fire chief beside that of Chief Adam, but he isn't saying who it is. Chief Adam's name is first, however, and if brought up in council he will undoubtedly be confirmed, as he has filled the position in a faultless manner and is well fitted for the berth.

WAKE UP, REPUBLICANS.

Every Voter In the City Should Read This Carefully.

The position of sheriff of this county of Columbiana is an honorable one, and carries heavy responsibility with it. In time of trouble, our sheriff should be a man of good judgment and unquestioned nerve and courage, cool and collected and ready for any emergency. For the good of the masses, he should be a man whose courage and nerve, backing strict justice, is tempered and leavened with the grand attributes of kindness and mercy. Above all, he should be a man whose Republicanism cannot be called into question, Republican from the ground up—Republican from center to circumference. Such a man is our own East Liverpool candidate, Charles Gill, a man with a clean record, fully qualified for the position to which he aspires, and whose Republicanism cannot be called into question. There are other good candidates in the field, clever and courteous gentlemen, gentlemen

whose honesty and probity cannot be doubted; but Republican voters of East Liverpool should take just pride in having such a home candidate as Charles Gill, and show this pride in casting their ballots for him at the primaries on next Saturday.

MANY REPUBLICANS.

UNION NO 318 SPEAKS

In No Uncertain Terms Respecting Organized Labor.

The following communication or action of Typographical Union No. 318 speaks in no uncertain terms. Read it:

Resolved, By Typographical Union No. 318, that it is the sense of this body that all public work shall be executed by union men or employers showing an honorable disposition to patronize union labor, and we would respectfully ask the co-operation of all labor organizations in this county, to the end that the city council and all other public officials be requested to recognize only those bidders who employ union labor.

DOCTOR'S DECISIONS.

They Apply to the State Association—Subjects Discussed.

The meeting of the Eastern Ohio Medical association, which closed here on Tuesday afternoon, was one of the most interesting held for months.

Among the most important subjects was that of consumption, and it was decided that an early diagnosis would in many cases mean the saving of lives. Doctor Swan talked on the habits of the Chinese, their filth included, also of their wonderful hospital records. A resolution was adopted asking the legislature to do away with the office of township doctor and give the work to all at a percentage of the regular fee bill. Doctor Saint read a paper on "Iritis," and other papers were read. Doctor Clark is one of the delegates to the state association meeting.

The East Liverpool Medical association has applied for membership in the state board. They will meet in Doctor Kirk's office tonight to discuss the same subject as at the last session.

A SUDDEN DEATH.

Carl Schnepf's Sad Demise After a Week's Illness.

Carl V. Schnepf, the well known barber, died at his boarding place, the De Temple residence, corner Third and Market streets, at 11:15 o'clock this morning after an illness of but eight days with typhoid fever. Deceased was one of the most popular young men of the city and his demise will be noted with genuine sorrow throughout the city. He was aged 24 years, learning the trade with his uncle, Ex-president Berg, of council, when 12 years old, and for five years has been in business for himself, recently at the corner of Sixth and Broadway. Mr. Schnepf was a member of the Catholic church, and Emerald Society and one of the leading members of the Barbers' union. His mother, Mrs. Elizabeth Barnhart, came from Pittsburgh Saturday and was present when he died. Funeral arrangements have not been completed.

Trouble About Postage.

The publishers of the Lisbon Leader are having trouble with the postmaster at that place. Last week the ladies of Lisbon got out a women's edition of the paper, the proceeds to go toward founding a library for the Young Men's Christian Association. Now the postmaster refuses to let the papers go through the mails for less than one cent an ounce, third class rate. The women consider this little less than an outrage, as the regular newspaper rate is one cent a pound. The sentiment is with the women, who have not yet sent out a paper. They have written to the postmaster general and it is believed they will win the case.

MRS. LANGLEY'S LEFT

Was Planted Upon Mrs. Lucas's Countenance.

THE MAYOR KNOWS THE REST

A Church Alley War Where Woman Suffrage Extended to Pugilistic Lines—Thomas Wellington to be Heard Today. The Bashor Row.

There was trouble in Church alley yesterday. Mrs. Lottie Lucas has a little girl and Mrs. John Langley is the mother of a small boy. The Lucas girl had a hatchet. The Langley boy appropriated it and little Miss Lucas reported to her mother. The result was that her mother made a few remarks in Mrs. Langley's direction. So a prompt reply was made and adjectives were hurled indiscriminately and in great quantities about the vicinity. Then it was simply more than Mrs. L. could stand and hair was removed from the women's heads without the least attempt at choice or quantity, amid evident disregard for each other's feelings. Later, Mrs. Lucas appeared at the mayor's office and swore out a warrant for Mrs. Langley's arrest, on a charge of assault and battery. She has not yet been arrested.

Thomas Wellington, who was arrested on a charge of picking Jacob Bartel's pocket of \$125, will have a hearing at 2 o'clock this afternoon. Wellington has told three stories since his incarceration. One was that Bartel was throwing his money around, and that he got only \$2 or \$3, another that he got \$23 and again that he only took \$35. George Cox and James Clunk, the men who saw Wellington take the money, have been subpoenaed.

It is not likely that anything will come of the Bashor family row. The case of William Flemming against William Bashor was dismissed in Squire Rose's court yesterday, because Flemming failed to show up, and it is likely that nothing more will be heard of Bashor's case in mayor's court.

The most gullible gulls and softies in all this wide universe are the smart Alecks who imagine they know it all; who do not know the difference between a joke and a fact; who are constantly being sold and laughed at by the sports of the city, young men who imagine that 'tis a clever thing to hoodwink a reporter who is constantly searching for something of a sensational nature. This feature is respectfully referred to the callow youth who represents a down town journal, and who becometh very sore when he is scooped.

FAIR PLAY.

Putting aside all personal prejudice
and private animosity, the NEWS RE-
VIEW stands ready to give the new
council, police force and municipal
officers in general a square and fair
hearing. By their actions shall they
be judged. If any one of the number
proves unworthy, the conservative
and reliable citizens of East Liver-
pool will see to it that his continuance
in office shall not be of an extended
character. This paper reserves the
right of honest criticism of the life
and actions of a public official, and it
will exercise that right in its fullest
sense, no matter what the result may
be. If it be necessary to grovel at
the feet of council in order to secure
legal printing, then the NEWS RE-
VIEW will do no legal printing for the
city of East Liverpool; and this ultimatum
is not produced from a sour
grape basis. If it is found that we
have members of council so narrow
minded and lacking in common in-
telligence and manhood as to use their
positions for the gratification of petty
spite and malice, then we shall take
genuine pleasure in seeing that the
public at large shall estimate said
councilman as he deserves. In the
meantime fair play shall be the motto
of the NEWS REVIEW.

OUR POSITION.

The NEWS REVIEW is intensely Re-
publican, because we believe that
Republicanism represents principles
which best represent the interests of
this, the grandest republic in the
world's history. The Republican
party represents, in its highest and
best sense, protection to home and
home industries. The party and its
leaders have made mistakes; but they
are of such a trifling nature, when
compared with the awful blunders
made by the Democratic party and
leaders, that they are not worth tak-
ing into consideration.

The NEWS REVIEW is led and con-
trolled by grand principles—prin-
ciples centered in right and truth. No
man or body of men can dictate what
course it must pursue, unless that
course or pathway is planted on the
solid rock of equal justice to all. No
manufacturer or business man can, in
a masterful or dictatorial way, com-
mand this paper to bow to his will,
and no body of workmen in the
city can compel the proprietors of the REVIEW
to follow or pursue a course which is
evil, or contrary to the best interests
of the city and its citizens.

When you want the sentiments of
a paper, read its editorial columns.
Matter printed in said columns will
be backed up to the fullest extent.
This paper will not wittingly or
knowingly misrepresent or abuse any
individual. The columns are not in-
tended for "roasts" or malicious slan-

ders, but for the news of the day and
for perusal by all the members of your
family. The aim is to make it a clean
journal, fit for your wife, mother or
sister to read; a journal giving all the
news of the city and surrounding
country; a journal fearless in advo-
cacy of right and truth.

GOOD OFFICERS.

East Liverpool has lost two good
and reliable police officers. Officers
Wyman and Supplee have always
aimed to do their sworn duty, fearless
of consequences. As a natural result
they have been feared and hated by
the very worst and most lawless ele-
ment in the city. The turning down
of Officer Supplee by council was a
great surprise to the better class of
citizens, and at least one councilman
bears the name of casting his ballot
against him from the very mean
standpoint of personal spite. There
are just as good men for the position
as Officer Supplee, but none better,
and lovers of law and order will find it
difficult to place his equal in his late
berth. Officer Wyman needs no com-
mendation in these columns. His
record is unimpeachable. He has
proved himself to be a brave, fearless,
intelligent officer, and the only objec-
tion we have heard urged against him
was his long tenure of office, and when
an intelligent citizen made this criticism,
he had the good sense to blush
like a school girl at the idea of such a
foolish argument. Said a well known
and observant voter of this city: "The
roughs and toughs of this city feared
and respected John Wyman, and his
very presence on the streets, in time
of tumult or trouble, was worth more
than everything that could be done
by half a dozen policemen of the ordi-
nary calibre."

ing ashes, on Jan. 24, six months; Louis
Deitche, placing a stone on a track on
Jan. 27, 60 days; John Everson, attempt-
ing to break wires on Jan. 29, 60 days.
They were all sent to the penitentiary.

Oil Goes Above \$1.50.

PITTSBURG, April 11.—The standard
price was advanced to \$1.35 yesterday
morning, 8 cents up from Tuesday's
figure, and 25 cents above last Saturday's
price. The market opened with bids at
\$1.45, which rose to \$1.49, reacted to
\$1.44, when there was a further
advance to \$1.50. The market closed
with \$1.50 bid, after alternating sales
at \$1.50 and \$1.50 1/2. Sales on the
local exchange amounted to about 25,
000 barrels, while trading at Oil City
was lighter than Tuesday's, barely
reaching 80,000 barrels.

Queen Lil Allowed Privileges.

VICTORIA, B. C., April 11.—The
steamship Waimoo has arrived from
Honolulu. Queen Liliuokalani has been
given permission to walk anywhere in
the 10-acre park surrounding the gov-
ernment buildings after 4 o'clock in
the afternoon. She was not in good
health, needing exercise. Ashford,

Tonsiline

Should be in every home. A well
known citizen of Salineville writes
of its merits.

SALINEVILLE, O., Mar. 19, '05
THE TONSILINE COMPANY:

Our daughter, Iva, for a num-
ber of years has had attacks of
severe ulcerated sore throat or
tonsillitis. In past years these
attacks have lasted at least two
weeks, on an average, while under
the care of a doctor and taking
different remedies. About January
1, this year, she had a similar
attack and we tried Tonsiline. We
were surprised to see her entirely
well inside of three or four days,
and there can be no doubt Ton-
siline is all you claim for it.

Tonsiline saves dollars and
lives. Be wise and keep a bottle
in your home. All druggists sell
Tonsiline, 25c and 50c.

SAN FRANCISCO, April 11.—United
States Marshal Baldwin has made a re-
turn in the district court on the bench
warrant issued for the arrest of C. P.
Huntington on an indictment for a vi-

fornia. This will involve service of the
warrant in New York state or wherever
the accused can be located.

voice, pressing his hand over his heart.
Before medical aid could reach him he
was dead.

A Pug Knocks Out His Backer.

MONTREAL, April 11.—Pat Griffin, the

on complaint of his backer—Fred
Clarke—for assault and obtaining money
under false pretenses. Clarke backed
him for \$250 in the fight with Costello
on the understanding he would pay
back the money from his share of the
gate receipts. When Clarke asked him
for it, Griffin knocked him down.

Society Ladies Indicted.

FORT SMITH, Ark., April 11.—The

400 MEN WERE IN LINE.

Strikers and Sympathizers Campaigning in Pomeroy District.

23 MINERS PERSUADED TO QUIT.

After Two Hours' Talk They Finally Throw Up Their Jobs—Strikers Ready to Use Force Where Persuasion Fails. A Woman Starts Trouble.

POMEROY, O., April 11.—Four hundred strikers and sympathizers from Syracuse, New Haven, Hartford City, Mason and Pomeroy massed at Minersville to force the men working in the Williams mine to lay down their tools and come out. They formed ranks, four abreast, and marched up the street to the mine and formed to await the appearance of the miners as they came out, being forbidden by the operators to trespass on private grounds. When the men came out they were met by a committee of seven of the strikers, who used persuasive means to induce them to join the strikers.

For two hours the 23 men held out stubbornly with the 400 strikers massed about them on a vacant lot. They were assured by Master Workman Eli Thomas that they would be amply cared for in case they joined the strikers. Once a riot was nearly started by Mrs. American Manley, wife of the leader of the non-union men, parading up and down the street with a revolver under her apron and declaring that she would shoot the first man that molested her. Finally the non-union men surrendered and agreed to join the strikers. This announcement was greeted by cheers, followed by a volley of pistolshots into the air, showing that the strikers were determined to succeed by persuasion or force. All parties were determined and made no attempt to conceal the fact. The affair has ended most fortunately in that there was no bloodshed, as expected. An attempt will be made on the Peacock mine Saturday, it being now the only mine in the lead not paying the 2-cent rate. One hundred and four men are working there.

THAT DIFFICULT EIGHTH TERM.

Much Speculation Over China's and Japan's Final Decision.

WASHINGTON, April 11.—The cable reports that seven of the eight terms of peace between China and Japan have been agreed on occasions much speculation here as to the eighth term on which Japan insists. The Japanese legation has received no cables in many days, and the officials say they have no information of the eighth conditions. There is no doubt, however, that five of the most essential conditions are those given in these dispatches at the outset of the negotiations as follows:

A new Japan-China treaty conceding Japan extra territorial courts in China, but denying the latter country extra territorial courts in Japan; independence of Korea; an indemnity of about \$200,000,000; occupation of Port Arthur and Wei-Hai-Wei for a term of years; cession of the island of Formosa. The five terms are now fully confirmed by the later developments of the conference. Three additional ones have now been added, and these, it is believed, relate to trade matters. Which one of these eight terms of peace is the cause of delay is not known here.

Reception Arranged For Silver Leaders.

DENVER, April 11.—The citizens of Denver have appointed a committee of 150 prominent men and women to arrange a reception for ex-Congressman J. C. Sibley, Senators John P. Jones and W. H. Stewart and General A. J. Warner, the silver champions, who are expected to arrive in Denver next Monday.

Evidently Object to Colored Women.

BALTIMORE, April 11.—The Woman's Literary club of Baltimore has decided unanimously to withdraw from membership in the National Federation of Woman's clubs. The club joined the federation about a year ago. Afterward the federation decided to admit clubs of colored women.

A Sporting Editor Arrested.

ST. LOUIS, April 11.—George E. Garrett, known as "Willie Green," a well-known sporting editor, has been arrested on a charge of criminal libel, preferred by one Harry Morris, a diamond broker. Rivalry between two athletic clubs is said to be at the bottom of the trouble.

He Succeeds Speaker Peel.

LONDON, April 11.—Mr. William Court Gully, M. P. for Carlisle, the government candidate, has been elected speaker of the house of commons in succession to Sir Arthur Wellesley Peel. Mr. Gully, in politics, is a Liberal who supports Mr. Gladstone's Irish policy.

Had a Cargo of Cartridges.

TIENTSIN, April 11.—The British steamship Yik Sang, which was captured by a Japanese man-of-war outside of Taku, having on board 220,000 cartridges, shipped at Shanghai by a respectable German firm as "bamboo and steel," has been taken to Port Arthur.

Mipans Tablets: standard remedy.

GLOOMY OUTLOOK FOR MINERS.

The Situation Looks Very Dark to President Michael Hatchford.

MASSILLON, April 11.—President Michael Hatchford of the Ohio Miners' association says the outlook is so gloomy that it is impossible to predict from one day's end to another just what is going to happen.

"The Ohio operators," Hatchford says, "are disposed to deal fairly with the miners and will pay any price within reason, whether it is 60 cents or more, if they can secure such conditions as will enable them to compete for business. For years it was the rule to pay 13 cents more in western Pennsylvania than in Ohio, and this continued until 1887, when, because of the introduction of natural gas, and for other reasons, the differential was reduced to 9 cents. Now these same operators in Pennsylvania propose to pay 60 cents, which is the present scale rate in Ohio. As a matter of course, if this last named rate is agreed to, the Ohio operators will propose to pay 51 cents, and if we Ohio miners accept 51 cents Pennsylvania will want to drop to the same."

"Thus, this conflict over a differential offers no promise of a settlement, but results in the grinding down of the wages of the miners, while the consumer is not unwilling to pay any price that will enable the miner to live respectably."

"Then, if we make another reduction in Ohio, local disputes will be precipitated and lockouts will have to be adjusted. Take Massillon district for instance, where the miners complain bitterly of the present rate. How much more would they complain of a reduction of 9 cents."

"The officers of the Ohio miners will soon be obliged to meet the operators and determine upon a scale. The task will be a difficult one under existing circumstances."

WHISKY TRUST RESIGNATIONS.

Director Hobart Tells Why He and Others Quit.

CINCINNATI, April 11.—The story of the resignation of Directors Hobart, Frieberg and Green from the whisky trust directory, was received here with incredulity bordering on indignation in whisky circles. Those who were in attendance at the meeting with Receiver McNulta with the distributors were pronounced in their opinion that there was no reason for their resignation and that there could be none.

Mr. W. N. Hobart, being asked what motive led to the resignations, said that in the circular issued to stockholders on Dec. 14, asking for their opinion and advice in regard to a reorganization, it was very clearly stated that in any form of reorganization which might be agreed upon, the directors pledged themselves to leave the stockholders without any embarrassment in carrying out the plan. The keeping of that pledge, Mr. Hobart said, necessarily required that the resignation of the directors should be at the disposal of the stockholders. This statement he regarded as sufficient explanation of the resignation.

To Protect Ohio Canals.

COLUMBUS, April 11.—The Ohio Canal association, formed to protect the interests of the canal system of Ohio, is patterned after the Miami and Erie Canal association. A permanent organization was formed by the election of the following officers: President, Hon. D. J. Ryan, Columbus, vice president, Hon. Thad. E. Cronley, Circleville; secretary, Hon. R. H. Wallace, Chillicothe; executive committee, James J. Carroll of Navarre, C. J. Nongers of Beedler, Captain R. B. Brown of Zanesville, Frank Warden of Newark, M. Gunning of Chillicothe, Hon. C. C. Hard of Portsmouth, and E. C. Gleason of Roscoe.

To Build Two New Steamers.

CINCINNATI, April 11.—The Pittsburgh and Cincinnati Packet company has let the contract to the Cincinnati Marine Railway company for the construction of a new steamer to take the place of the Iron Queen, recently burned. The new steamer will be called the Virginia, 230 feet long with 40 foot beam, the largest, as well as the finest boat ever on the upper river lines. The contract was for \$15,000, with compound engines and all improvements, including electric lights. Next week the same packet line will contract at Pittsburgh for a fine steel steamer, likely to be called the Allegheny, and to cost much more than the Virginia.

Another Smallpox Case.

CLEVELAND, April 11.—Another case of smallpox has been discovered, the victim being a Bohemian employed in the Muhlhauer woolen mills, where a girl was found suffering with the disease the other day. Both were engaged in sorting rags, and the health officials now say it is clear they contracted the disease from this source. Hundreds of people have been exposed to the disease, and a wholesale vaccination is being made among employees of the mills.

A Despondent Drug Clerk Shoots Himself.

WASHINGTON, C. H. O., April 11.—A man named John Allen, in the employ of Druggist Perival Collins, and recently of New Holland, O., shot himself in the forehead on North street, near Paint, as the result of trouble with a girl, it is alleged.

NEW INCOME TAX SUITS.

One In New York and Another In Washington.

ILLINOIS CENTRAL DEFENDANT.

Action Instituted In New York Against the Railroad Company by a Massachusetts Man—Judge Wilson Brings a Second Suit For John G. Moore.

NEW YORK, April 11.—Another suit to test the constitutionality of the income tax has been instituted in the circuit court here. It is an action in equity brought by Charles Allen of Greenfield, Mass., against the Illinois Central Railroad company et al. The counsel of the complainant are Joseph H. Choate, Clarence A. Seward, William Guthrie, David Wilcox and Charles Steele.

In his bill of complaint the complainant, after setting forth the organization of the railroad company, the amount of personal property held by it and other matters in relation thereto, declares that he is informed that the company intends to pay, under the provisions of the income tax law, a tax of 2 per cent on all its net profits and income for the year 1894.

The bill then avers that the income tax law is unconstitutional, in that if said tax is collectable upon the company's income and profits it is a direct tax in respect of the railroad property, fixtures and appurtenances operated and owned by the defendant company by being imposed upon the income and profits thereof, the same being real estate, and is likewise a direct tax in respect of its personal property by being imposed upon the income and profits thereof, which direct taxes are not apportioned among the several states, as required by the constitution of the United States. It is further averred that if the income tax be held not to be a direct tax, then its provisions are nevertheless unconstitutional in that they are not uniform throughout the United States as required by the constitution.

The non-uniformity of the law is then pointed out at length, after which the bill declares that the exemption of insurance companies, savings banks and institutions constructed on the mutual plan, etc., is unconstitutional in that these exemptions operate to arbitrarily free said companies from the payment of their just proportion of taxation. The bill further sets forth that the tax is unconstitutional for the reason that it impairs vested property rights; that all persons or corporations taxed may be deprived of their property without due process of law, and that all persons or corporations taxed may be compelled to produce and disclose their private books and papers in order to make them liable for a penalty, or to forfeit their property, all of which is against the express terms of the constitution.

The complainant therefore prays that the defendants be restrained from voluntarily complying with the income tax law, and that he be granted such other relief as the court may deem meet.

ANOTHER NEW SUIT.

Judge Jere Wilson Still Wants Another Income Tax Decision.

WASHINGTON, April 11.—Jere M. Wilson, counsel for Mr. John G. Moore of New York city in his income tax suit, when asked regarding his intention to again test the law, said:

"It will be essentially the old issue over again, except that it will be presented to a full bench, and the decision therefore will be decisive, one way or the other. The purpose of the new suit will not be so much to raise new questions as to present the same questions for final adjudication. There is no doubt that the law will be passed on finally and decisively sooner or later."

Judge Wilson's purpose is to advance the new case through its preliminary stages in the lower courts, while the supreme court is short of a full bench. By the time the case is ready for argument in the supreme court, it is expected that Justice Jackson will be sufficiently recovered to permit him to return to the bench, or that his successor will have qualified.

Carlisle After the Senatorship.

LEXINGTON, Ky., April 11.—The Leader today publishes an interview with a Kentuckyian, just returned from Washington, who is close to Secretary Carlisle and family, and who says that the secretary will surely be a candidate for senator from Kentucky, to succeed Blackburn. Mrs. Carlisle, it is said, never favored the idea of Carlisle going into the cabinet and is now anxious for him to be returned to the senate. Blackburn is quoted in Washington as saying that Carlisle would be his most dangerous competitor.

Have Overstepped Their Charter.

WASHINGTON, April 11.—The auditor of the court appointed to examine the affairs of the Fidelity companies, in the case of Wheeler and others against the Fidelity and Loan association, finds that the Fidelity Building and Loan association are both managed and operated by the same officers and are practically one concern. This, it is declared, is not warranted under the charter of either company.

The Republican central committee met at city hall last night and selected the polling places for Saturday next. The list will be found on the second page of the News REVIEW above the editorials, today. No other business of importance was transacted and the session was brief.

About 30 members of East Liverpool chapter, Masons, with their wives and daughters, will go to Wellsville this evening to initiate three candidates into the sister city lodge; afterward they will enjoy a fine banquet prepared in their honor by the ever hospitable Wellsville Masons.

Frank White, of East End, received word last night of the death of a sister-in-law, formerly Miss Emma Yoder, near Mechanicstown, with consumption. The mother, two brothers and two sisters of the deceased have died in the past two years with the dread disease. Mr. White left to attend the funeral.

The amateur cast of "Ten Nights in a Barroom" were amply repaid for their splendid work last night. The Rechabites gave an entertainment and feast in their honor in Rechabite hall. Recitations and songs composed the program, while the refreshments were elegant. All in all the evening was one of rare enjoyment and sustained the reputation the Rechabites have for genuine hospitality.

Officer Meehan is continuing the good work begun here. He captured two men off a freight train at Steubenville between 12 and 1 o'clock this morning, who were getting transportation without cost. They were jailed at Steubenville. One said he was James Neely, of Beaver, the other John Jackson, of Powhatan. The officer went to Steubenville this morning to appear against them.

Mrs. O'Hanlon, of West End, entered suit in forcible detention in Squire Manley's court yesterday against Joseph Smith, a colored expressman. Mrs. Smith's complaints to the township trustees has resulted in their finding the family another place of abode, but the case will be tried on Saturday morning. The case of John Good versus Mrs. Mary Coulson also comes up in Squire Manley's court Saturday morning.

One of the Western Union boys went to sleep in an uptown restaurant last night and he slumbered so heavily that his snores shook the building from foundation to turret. One of the waiters proceeded to decorate his face with a moustache and goatee while he slumbered peacefully, and the laughter from the crowd, when he discovered it, could be heard for blocks. A worse fate is promised if he slumbers again.

Rev. W. A. Littell delivered two sermons for ordination before the presbytery at Steubenville Monday evening and yesterday, as also did Rev. J. P. Green, of the Butler, Pa., presbytery, and two sermons were listened to from Rev. T. L. Rose. COLLECTING THE TAX

The Income Man is After Columbiana Corporations.

DEPUTY JOHN KENNEDY HERE

He is Making Good Headway. Although He Finds Many Who Interpret the Law Correctly—A Hundred or More on the Collector's List.

Deputy Collector John Kennedy, of New Philadelphia, has started on his work of collecting the income tax and paid East Liverpool a visit today.

Mr. Kennedy has 13 counties entrusted to his care but is not bothering about the number being unlucky. He is meeting with success in his collections, and has 100 or more corporations to look after in this county. Many people, he states, interpret the law wrongly but are soon convinced that it is best to comply with all the requirements. Mr. Kennedy's information is such that he could never again hold office in the United States should he divulge the slightest portion of it.

The Old Soldier.

On February 28, 1895, the following article appeared in the Lisbon Patriot, purporting to come from a resident of Elkrun.

No Soldier Need Apply.

EDITOR PATRIOT—I read in the Patriot some weeks ago that Jacob D. Peterson, of our township, (Elkrun,) would be a candidate for infantry director at the Republican spring primaries. Jacob can't get there! A man getting as large a pension as I hear he gets, ought to be satisfied without asking for an office. I have nothing to say about his soldier record, but I am tired of hearing that a preference should be given to ex-soldiers.

ELKRUN VOTER.

The editor of the Patriot published the article verbatim, and then scored the writer in scathing terms, giving him a portion of the contempt the fellow so richly deserves. From a reliable source the News Review has ascertained that Comrade Jacob D. Peterson bore a splendid reputation for soldierly qualities in his association with the gallant Sixth Ohio cavalry. He enlisted when but a mere boy, seventeen years of age, and did the full duty of a man, while such as those who now so basely malign and traduce him were hiding in the caves and forests of the northland, or were wending their way into the rebel lines. But no, we will not traduce a brave soldier, even if he did wear the gray. The creatures who thus malign and anonymously condemn the boys who wore the blue, were known during the war as "copperheads," too cowardly to fight on either side, hated by all loyal men and thoroughly despised by the soldiers who took part with the confederacy. Jacob D. Peterson did his duty like a loyal man, was wounded and suffered in the infamous prison at Salisbury, North Carolina, and now receives the magnificent sum of \$4 per month in the way of pension. Comrade Peterson is a staunch and true Republican, and has been so from the time he cast his first vote. Aside from this, he is a good citizen, fully qualified for the position he asks at the hands of the Republican voters of this section, and he will, if he receives the nomination, attend to the duties of the office to which he aspires in a thoroughly satisfactory manner.

Fair Play.

Why did council turn down Badgley, Wyman and Supplee Tuesday? Has Liverpool ever known more faithful policemen? What caused Owen to have such a change of opinion respecting Wyman and Supplee? Did not council pass the pavement ordinance with the expectation of having it enforced? Would not or could not Supplee have been turned down, short and sharp, if he had neglected to enforce said ordinance? Has not the element of petty spite had much to do with Owen's vote against faithful servants of the law? Officer Badgley has been on night duty for four consecutive years—two under Mayor Hall, one with Morley and one with Gilbert. For three successive years he has had placed with him a green man, whom he had to coach and teach, and every intelligent citizen, possessing the slightest knowledge of police affairs or duties, knows how unpleasant such work would be. Surely bad work has been done against good men, and the harvest will be a surprise. Watch out for boomerangs next year, when good men and true, of all classes, will attend the primaries. The wind has been sown—watch out for the whirlwind.

GOOD CITIZENS.

To Republican Voters.

The Republican voters of Yellow Creek township have a candidate for commissioner whose record they are justly proud of. His father had the honor of being the first abolitionist in Columbiana county. He has ever been a staunch Republican, a firm believer in a protective tariff, and has remained ever loyal to his party, although defeated in former contests.

A. M. Norris is a man of sterling worth and is well qualified for the office he seeks, being a graduate of the Ohio State university at Athens, and at one time followed engineering and surveying. His numerous friends are working earnestly for him, and have cause to believe that he will be a winner in the present contest, because he is the only candidate in the field who has made the race before. Cast your ballots for commissioner on Saturday next for A. M. Norris.

For Liverpool Business Men.

Live business men are always patrons of the daily newspapers. The old foggy idea that you don't need to advertise, because all the people know you, has long since been knocked into a cocked hat by the stern hand of experience. Of course you must keep the goods; but it is absolutely necessary that you should let the people know that you do so, and the daily paper is the best medium on earth for so doing. This has been proved thousands of times, by the best business men of the land.

Read the following paragraphs, taken from the Cleveland World, as they express the idea we wish to convey in a nutshell:

"Take the backbone out of a fish and it's a fish—BUT IT CAN'T SWIM."

"Take everlasting push and energy out of a paper, and it's a paper—BUT IT WON'T SELL."

"Leave your advertisement out of the News Review and you may make money—BUT NOT AS MUCH AS YOU MIGHT."

There are solid business men who are bitter enemies to proprietors of newspapers; but they do not let that enmity stand in the way of pushing their business for all it is worth, when they know that the journals referred to have a circulation which will place the wares of said merchants before the people.

Enjoy Yourself.

Lovers of music will have an opportunity of rare enjoyment, this evening, free of expense, by visiting the Young Men's Christian association rooms. The receptions given by this organization are always extremely pleasant affairs, and this evening will be no exception to the rule. You have a cordial invitation to be present. Following is the program:

- No. 1, solo, "Serenade," Schubert. Mr. Ed McIntosh.
- No. 2, solo, "Gondolier's Song," De-Koven. Miss Pearl Sebring.
- No. 3, reading, Mr. Will Morris.
- No. 4, solo, "Star of My Heart," Denza. Miss Bird Kinney.
- No. 5, solo, with violin obligato, "Angels Serenade," Braga. Miss Jeanette Aschbaugh.
- No. 6, duet, "Star of Love," Nevin. Miss Gertrude Temple and G. E. Gottschall.
- No. 7, recitation, Miss Claude Gill.
- No. 8, vocal solo, "Babylon," Watson. Miss Pearl Sebring.

He Got the Fish.

Professor Gottschall, the well-known musical instructor and teacher of voice culture, had a peculiar and heart-rending experience the other day, which he will not soon forget. Gottschall is a devoted follower of Isaac Walton, and his piscatorial successes have been the envy of his less fortunate friends and fellow anglers. He dearly loves the toothsome trout, and this led to his late sad experience, a warm personal friend sending him a superb catch through the mail. Something delayed the express train, and when the neatly packed box was opened at the professor's residence, the effluvia pervading the surrounding atmosphere was simply awful. The immediate neighbors escaped, leaving the recipient to suffer terrible torment. The health officer has been sent for and the locality will be fumigated. Funeral next week. Friends of the professor respectfully invited to attend.

At the Grand.

The Punch Robertson company is undoubtedly the best troupe that has presented repertoire in this city for years. Those who saw Corse Payton's plays thought they were good, but Robertson's are better. Last night a good sized crowd saw the Black Flag and were well pleased. This evening the banner attraction of the week will be shown, the great play, "The Man in the Iron Mask." The Robertsons have went to an enormous expense to produce this piece and have a reputation with it that should insure a full house.

Tomorrow night J. C. "Fatty" Stewart's "Two Johns" will hold the boards at the Grand, and a crowded house is predicted for the old favorites. The "Two Johns" is a comedy brimful of laughter and has grown in popularity despite a run of years.

The Punch Robertson company will close the week with a play at the Grand Saturday night.

Among the Crockery Men.

YOUNG SPIRITS.

A vigorous body and robust strength for low good health. But all fail when the vital powers are weakened. Nervous debility and loss of manly power result from bad habits, contracted by the young through ignorance of their ruinous consequences. Low spirits, melancholia, impaired memory, morose or irritable temper, fear of impending calamity and a thousand and one derangements of body and mind, result from such pernicious practices. All these are permanently cured by improved methods of treatment without the patient leaving home.

A medical treatise written in plain but chaste language, treating of the nature, symptoms and curability of such diseases, sent securely sealed in a plain envelope, on receipt of this notice, with ten cents in stamps, for postage. Address, WORLD'S DISPENSARY MEDICAL ASSOCIATION, Buffalo, N.Y.

Kind Words.

The following communication from the Woman's Relief Corps, auxiliary to General Lyon Post, Grand Army, is fully appreciated by the proprietors of the News Review:

"The ladies of the Woman's Relief Corps extend their sincere thanks to the News Review for liberal advertising, being fully aware of the fact that much of the success of the Bean Bake was due to your liberality in that respect."

CHAIRMAN EXECUTIVE COMMITTEE.
The Woman's Relief Corps has been a power for good in East Liverpool, especially among old soldiers and their families, and through these noble women, as instruments in the hands of God, much suffering and sorrow has found relief. Success attend the organization.

Vote for Gill for Sheriff on Saturday.

Improvements.

There is much being done in the various potteries of East Liverpool. The Sebring Pottery company are reconstructing one of their large kilns with a dome or double deck. The shapes and brick used in this improvement and addition are furnished by George H. Anderson & Co., of the Garfield Fire Brick works, Pittsburg, Pa., whose work in this line will be found in most of the potteries in our city. Pottery owners assert that the brick turned out by George H. Anderson & Co. fill the bill to a nicety and render absolute satisfaction.

Vote for Gill for Sheriff on Saturday.

Peaches Will Be Scarce.

The agricultural report shows that Columbiana county will not overflow with fruit this season. Apples are thought to be all right, and a good crop is expected, but peaches are badly damaged and will amount to almost nothing. A farmer living not far from the city said yesterday that the conditions were favorable for blackberries, and there would be a big crop of raspberries. The report says that wheat is in fairly good condition, although some fields have been frozen.

On the Staff.

Comrade John A. Myers, our townsman, has been honored with a position on the staff of Thomas G. Lawler, commander in chief of the Grand Army. East Liverpool is strictly in the swim.

Taken to Havana, as Santiago Hospitals Are Crowded.

350 KILLED IN ONE BATTLE.

The Rebels Only Had Four Killed and 39 Wounded—Cubans Flock to Marce's Banner—Marti Named as Their President—English Captain Killed.

TAMPA, Fla., April 11.—Late reports from Havana assert that the steamer Mannelita has just arrived from Santiago with more than 300 wounded Spaniards (soldiers). They were taken to the hospitals there because the hospitals at Santiago are crowded. A letter from Santiago mentions a battle at Trocones, near the Canto river, in which the Spanish General Saleada, with 1,000 men, engaged a band of revolutionists under Rabi. The Spanish loss was said to be 350, while the Cuban loss was four killed and 39

MAJOR GENERAL ANTONIO MACAO.

wounded. The Spanish troops were mostly boys, the latter states, and in the battle pity was taken on many who were caught, and their lives spared.

Macao has organized a large force in Santiago province. Since his arrival 500 soldiers, who fought under him in the former revolution, have joined him. They are principally from Majaguabo, Macao's old home. Tampa's Cubans, after ceasing their daily work, indulge in target practice with Winchesters outside the city limits. By all the Cuban clubs extant, Jose Marti has been elected as delegate, or president, and Benjamin Guerra as treasurer. This is their third consecutive election. Gonzalo Quesada, as secretary, acts under appointment from Marti.

TO THE PUBLIC.

Mr. W. J. Harvey has purchased the grocery at corner of Robinson and Walnut streets, lately owned and controlled by A. W. King. Mr. Harvey will be glad to greet all old-time patrons of the establishment, and the public in general, confident that he can make it profitable for all who deal with him, as he will keep a first-class line of goods and sell at a reasonable price. Goods will be delivered promptly at your homes. Leave your orders.

To the Ladies.

I shall not go to the expense of a regular opening, but will make it my aim to give all patrons the benefit, through the medium of lower prices for the elegant and stylish goods which I have secured for the spring trade. Every lady in the city of East Liverpool is hereby extended a cordial invitation to pay my establishment a visit on Friday and Saturday, April 12th and 13th, and inspect goods and prices. I shall make it my aim to lead the fashion throughout the entire season.

THE ST. PAUL LAUNCHED.

Governor Hastings and Other Notable People Were Present.

PHILADELPHIA, April 11.—The new American line steamship St. Paul has been successfully launched at Cramps' shipyards. As the final order was given for the release of the big steamer Miss Francis E. Griscom, daughter of Clement A. Griscom of the International Navigation company, stepped forward and raising her right arm, said: "I christen thee St. Paul," at the same time breaking the "good luck" bottle on the bow of the great steamer.

It is estimated that between 15,000 and 20,000 persons witnessed the launching. Among the onlookers guests who witnessed the initial dip of the St. Paul were the following: Judge and Mrs. Charles E. Otis, W. D. Cornish, C. H. Holdridge, John A. Stees, Alfred H. Stees and Miss May F. Stees of St. Paul; Governor Hastings and a number of the members of the legislature, and Mayor Warwick and the city officials. After the launching addresses were made by Governor Hastings, Mayor Warwick, President Griscom of the International Navigation company, Henry W. Cramp and Judge Otis of St. Paul.

BY A ROYAL DECREE.

A Homesick Poet Being Taken Back to Finland.

CHICAGO, April 11.—Otto A. Dreier, Danish vice consul, has left Chicago for Denmark with Gasta Blomgren, a poet from Finland, who is taken home by royal command. Blomgren has the distinction of being a protégé of the Dowager Empress Maria Feodorovna, a daughter of King Christian IX of Denmark and a sister of the Princess of Wales.

The poet had written and sung for seven years in America in a vain endeavor to win fame and fortune, and failing of success, wrote the empress asking to be sent back to Finland. The royal lady immediately referred the matter to the Danish consul general at St. Petersburg and a royal order resulted, instructing Dreier to return the homesick poet to his native land.

Importing Japanese Rice.

SAVANNAH, April 11.—Heavy importations of rice through this port from Japan are causing a sensation and feeling of uneasiness among the rice planters of this section. In the last two months nearly 300,000 pounds of rice, raised at Bassee, Japan, have been brought in through the Savannah custom house and sold at a price, exclusive of duty, of about 2 cents per pound. The rice was first sent to Germany, to be milled, and was then sent to this country.

The Conductor Censured.

HAZELTON, Pa., April 11.—The coroner's jury, in the cases of the four victims of the recent trolley disaster, at Janesville, have rendered their verdict. They find that the accident might have been avoided if the rear brakes on the car had been properly and promptly applied and censure the conductor of the car for not having the "ability and presence of mind and aptitude which

are necessary to one occupying the responsible position of conductor."

The Counterfeiting of Stamps.

WASHINGTON, April 11.—Very little information can be obtained at the post office department concerning the counterfeiting of stamps reported from Chicago. Chief Inspector Wheeler has obtained a large number of the alleged counterfeiters and has been making an examination of them. It is asserted that these fraudulent stamps are those rejected at the bureau of engraving and printing and have been obtained and put on the market.

President Harris Won't Arbitrate.

PHILADELPHIA, April 11.—It has been learned that President Harris of the Philadelphia and Reading railroad has notified the committee of presidents of anthracite coal roads, which was appointed last week to secure an adjustment of the difficulties among the various companies, that the Reading would positively decline to submit its claims to arbitration.

Senator Palmer Will Fight.

SPRINGFIELD, Ill., April 11.—From present indications, United States Senator John M. Palmer proposes to fight the so-called free silver Democrats of Illinois to a finish. The venerable senator has made such a declaration. "I am in this fight to stay," he said, "and I will not be beaten either."

A Cuban Rebel Leader Dead.

MADRID, April 11.—An official dispatch from Havana confirms the report of the death of Brigadier Guillermo Moncada, the famous negro leader of the rebels. Guillermo, as he was more generally known, possessed very great influence among the people of his race in the island of Cuba.

Prominent Manufacturer Dead.

PHILADELPHIA, April 11.—William Judge, a member of the well-known carpet manufacturing firm of William Judge & Bros., has died in this city, aged 57 years. He was a victim of a complication of diseases.

PITH OF THE NEWS.
